

Eco-friendly development...

Manly Manor, Queensland

# Parklands, bay lifestyle, convenience...

Gorgeous modern townhouses situated in the brilliant location of Manly West.

These three bedroom, double storey townhouses with lock-up garages, airconditioning and modern appliances are peacefully nestled within an eco-friendly development that focuses on the natural environment and conservation.

The Wynnum Hospital is located on Whites Road, Wynnum. There are plenty of public and private schools; approximately six primary, two secondary, six kindergartens. The closest TAFE is at Alexandra Hills approximately ten minutes away from Wynnum.

As well as plenty of recreational areas and parks, the bay is only minutes away and nearby, next to Manly boat harbour, there is a swimming pool open in the summer months.
