

FACE

The Face, St Kilda

# Once in a lifetime opportunity

Inspired by the eclectic spirit of St Kilda-ness, The Face breaks new ground in residential design for Melbourne. Appearing sinuous and liquid, the building will be a prominent local landmark and much sought-after address.

A highly distinctive facade flows around thirty three thoughtfully planned apartments, and two three-storey townhouses, each with a sophisticated fit-out and mix of indoor and outdoor living.

The four-storey building is as unique as its location in the dynamic heart of St Kilda, and engages directly with its bustling community. Expansive living areas open onto terraces, connecting to the cosmopolitan street life below and the beach beyond.

The building offers spectacular views across Luna Park to the bay and city, with restaurant and retail spaces activating the street level.

Cutting edge contemporary finishes, a variety of individual apartment designs, and secure undercover parking deliver the standards of excellence demanded in a development of this significance.
